A little boy of Mrs. McDonald's, living near here, fell against a red hot stove and was fearfully burned. The pain was terrible, and it was thought the burn was so severe as to scar the child for life. I sold the lady a bottle of Chamberlain's Pain Balm, which, after greasing the sore, she applied. It soon removed all the fire and eased the pain, and in ten days the boy was well, no trace of the scar remaining. J. D. McLaren, Keyport, Clinton county, Ill. For sale by all dealers. The boy lighted on the wagon shaft and rode on it till the nag was stopped. He got a blow on the head, raising a big lump.

## LATE FOREIGN NEWS.

The only change in Mrs. Harrison's condition is that she is weaker.

Capt. Orland H. Ross, a cousin of General Grant and a member of his staff, died at Washington on the 14th.

Mr. Blaine made an able speech to an audience of Whitelaw Reid's friends at White Plains, New York.

Henry Watterson, editor of the Louisville Courier-Journal, was to be the orator at the dedication of the World's Fair buildings.

The World's Fair dedicatory exercises were to be held in the Manufacturers' building. There would be seating capacity for 60,000 persons, with scarcely one-third of the building occupied for the purpose, so that nearly 200,000 persons would find room in aisles and other parts of the vast structure.

### EUROPE.

Renan, the famous author, died at Paris on October 2.

There is much feeling in England over the absence of any representative of the royal family from the funeral of Tennyson, the dead poet laureate. The Prince of Wales stayed away to attend the Newmarket races. Gladstone was absent under the plea of pressure of work, and the excuse of his supporters is that he might have caught severe cold in Westminster Abbey.

The Gladstonians feel keenly the loss of their first seat since the general election. Colonel Master, Conservative, defeated Lawson, Gladstonian, in the previously Liberal constituency of the Cirencester division of Gloucestershire.

Cattle breeders in England want a bill to quarantine all foreign live stock except such as are intended for slaughter. The movement is chiefly directed against the admission of American stock cattle.

Andrew Carnegie, the rich iron man, is on the continent to secure quiet and work on his new book on industrial questions. Referring to the business prospects of England Carnegie said: "The outlook is dark. Look where you will, there is but one truly prosperous country in the world and that is the United States. God bless her, she deserves it."

### MISCELLANEOUS.

At Fan-chen, 400 miles from Hankow, on the Hsu river, the cholera is raging to an awful extent and hundreds are dying daily; so evilly disposed persons, haters of foreigners, have spread the malicious report that some Chinese are traveling round, in the pay of the Europeans, poisoning all the wells and the rivers; hence the awful number of deaths. Consequently all strangers are put in prison, and many have had their heads cut off and entrails and hearts thrown into the river to propitiate the river god.

## GREAT DISAPPOINTMENT.

The Alameda Comes Into the Harbor and Anchors off the O. S. S. Dock.

The R. M. S. Alameda was telephoned off Waimanalo at 9 o'clock this morning. It was 11:30 o'clock when Dr. G. Trouseau, port physician, boarded her off the Bell buoy. After lying to a few minutes the Alameda was seen to steam ahead into port. Crowds of people were on the dock, some eager to catch a glimpse of their friends and relatives, others curious onlookers. Passenger boats started out from the wharf, and two boats from the warships, but when they neared the side of the steamer they were told that no one would be allowed on board. A yellow flag was run up to the maintop and an anchor was dropped, and the vessel came to a standstill near the can buoy off the O. S. S. Co.'s dock. Those who had relatives on board held conversation with them at a distance of a few yards—so near and yet so far. Hawaers were thrown out from bow and stern and made fast to the wharf. The Board of Health held a meeting this afternoon to decide whether the steamer was to come alongside the wharf or not. She was allowed to dock at 1 o'clock.

### To-night's Play.

The dress rehearsal of the new Hawaiian play, "The Wooing of Kaala," took place last night before a few privileged persons and was thoroughly appreciated by those present. Too much praise cannot be given to Mr. Crowley for the difficult undertaking he has so well accomplished, especially when it is considered that this is the first attempt to form a company out of purely native material, and to judge from last night's results may be looked for in the future.

The ease and self possession for which the Hawaiian is proverbial stands him in good stead on this occasion, and there is throughout neither constraint nor hesitation. It is to be hoped that the community will show its appreciation of Mr. Crowley's enterprise by giving him a good house to-night, for the least that is owed to such a praiseworthy effort is this encouragement.

### The Hawaiian Isles.

The Hawaiian ship Hawaiian Isles, concerning which anxiety was felt, and for which 50 percent was paid for re-insurance, arrived at San Francisco after a long passage of 189 days from Swansea.
